## ABOUT US

Myriad Quest stands as India's leading manufacturer of premium Casino Equipment has been in business in excess of 10+ years. The company was founded with a vision to deliver high-quality, durable, and professionally engineered casino equipment to the rapidly growing gaming and entertainment industry.

Myriad Quest main business is manufacturing and supplying Casino based equipment as used in live gaming: Roulette Wheels, Tables, Value Chips, Plaques and Jetons and all styles of gaming layouts (table felts) together with technical back up of full CAD design and technical services.

Our manufacturing facility is split into three main sections, all located under the same roof: Chips and Plaques are manufactured with the latest injection moulding machines, incorporating the latest RFID Technology using 13.56 MHz with PJM.

Table and Roulette Wheel manufacture and assembly incorporate our CNC machining processes to ensure quality and precision, along with Layout (table felts) design and printing department for both wool and synthetic products.

All our manufacturing processes are supported by our Graphic and CAD Design department, We are proud to state that we serve nearly 95% of the casinos across India, with almost every major casino counted among our valued clients. Our export network currently extends to over 70 casinos + across Africa, Nepal, Sri Lanka, Vietnam and Central Asia.

## PLAYING CARDS

The 100% plastic cards are produced in high quality PVC and are internationally recognized for their exclusive properties which guarantees smooth handling, long durability, soft touch and better performance in shuffling machines.

### MYRIAD SECURITY MEASURES

#### CUSTOMIZED BARCODED CARDS :

playing cards with barcode are available. Ideal for online/live casinos.

#### INVISIBLE INK :

batchnumber or logo in invisible ink can be printed on every card. Invisible ink can only be seen in ultraviolet light.

#### TECHART FACES :

these faces are compatible with the three most popular optical scanners:  
TechArt MAXTime®, No Peek 21® and Hole Card Reader System.

#### RFID TECHNOLOGY :

RFID is the most advanced technology for your casino. The chip inside the cards allows you to read the card immediately, without the need for well positioned cameras. Cartamundi standard RFID cards are compatible with Mifare Ultralight technology and ISO 14443 A standard.

# GAMING LAYOUTS

High-quality casino layouts made from fireproof, waterproof, and hard-wearing microfiber fabric, produced using a full-surface printing method. Available in a wide range of colours and graphic designs, these layouts can be fully customised with your logo, theme, or photographic images to match your casino's identity.

Our Graphic Department is able to create layouts to your own design & colours.

# OUR HAPPY CLIENTS
